

### INTERIOR FLOORING

Flat-sawn, solid, unfinished  
tongue-and-groove  
(vertical grain available in  
very limited quantities)

Net 3/8" x 3" x 3-12'

Net 3/8" x 4" x 3-12'

Net 3/8" x 5" x 3-12'

Net 1/2" x 3" x 3-12'

Net 1/2" x 4" x 3-12'

Net 1/2" x 5" x 3-12'

Net 3/4" x 3" x 3-12'

Net 3/4" x 4" x 3-12'

Net 3/4" x 5" x 3-12'

### EXTERIOR DECKING

Flat-sawn, solid, unfinished,  
eased-four-edges

Net 3/4" x 4" x 6-12'

Net 3/4" x 5" x 6-12'

Net 1" x 4" x 6-12'

Net 1" x 5" x 6-12'

### EXTERIOR PORCH FLOORING

Flat-sawn, solid, unfinished,  
tongue-and-groove

Net 3/4" x 3" x 3-12'

Net 3/4" x 4" x 3-12'

Net 1" x 3" x 3-12'

Net 1" x 4" x 3-12'

### MOULDINGS

East Teak has numerous  
standard profiles available as  
well as the ability to make  
custom profiles for base, shoe,  
chair rail, casing and crown  
mouldings to complete  
your trim package

## FSC 100% Recycled Teak

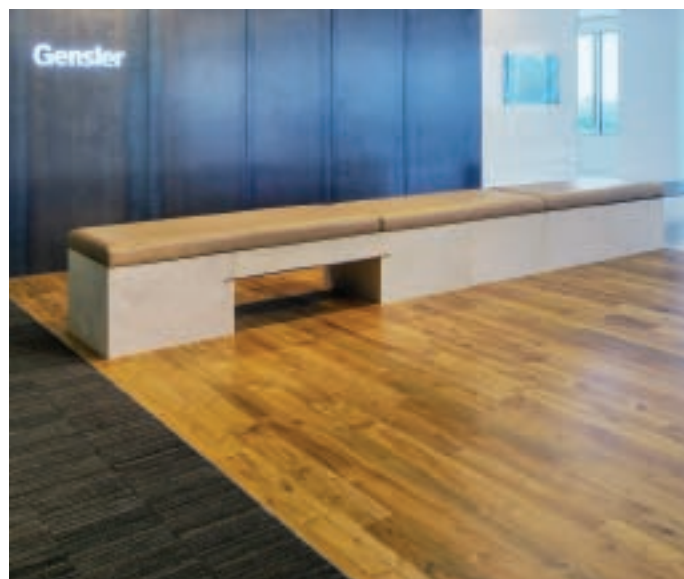

### RECLAIMED SUSTAINABILITY IN ANCIENT BEAUTY

Known as the "king of all woods,"

East Teak's reclaimed teak (*tectona grandis*) can make any commercial, residential or marine project environmentally friendly, or "green." Our exclusive and limited line of reclaimed teak is 100% recycled and certified by the Forest Stewardship Council (FSC) to guarantee that it is genuinely reclaimed and salvaged in a responsible manner.

All of East Teak's recycled teak is carefully recovered by hand from old structures, thereby avoiding the need to fell living trees – which helps to preserve natural forests and protect the environment. Careful hand grading ensures the highest quality and reusability of the wood. Each piece of wood, therefore, has a special history and story to tell. As a result, you have access to materials with unique character and beauty:

- visually striking coloration that varies from a golden-honey to a warm mocha hue, resulting from ancient natural forest growth and decades of air drying
- wide range of shapes and sizes, reclaimed and re-graded from beams and rafters
- incredible stability, as well as resistance to temperature changes and weather elements, thanks to decades-long seasoning time
- rich, natural oils that make the timber extremely dense and strong
- with recycled woods, allow for some plugs, live knots, occasional filled splits and nail holes

## BEAUTIFUL TO THE EYE – EASY ON THE EARTH!

East Teak sources FSC-certified 100% recycled Indian rosewood (*dalbergia latifolia*) columns that are reclaimed from vintage Asian buildings. Each of these colossal beauties has been shaped by decades of weather and human use; therefore, each column is unique with its own inherent characteristics. Traditionally known for fine woodworking and top quality musical instruments

worldwide, rosewood is a highly prized wood best known for its incredible strength and durability, as well as its rich dark hue.

Ranging from five to ten feet tall, and a diameter of seven to twelve inches, each individual column has its own distinguishing markings and/or carvings on them. To view inventory and photos, visit [www.certifiedhardwoods.com](http://www.certifiedhardwoods.com).

## FSC Pure

East Teak now offers FSC “pure” ipé and tigerwood to their sustainable and eco-friendly collection of hardwoods under our FSC chain of custody. The FSC label guarantees that all timber is legally harvested from certified sources that practice responsible forestry.

FSC ipé and tigerwood specifications available:

### FSC IPÉ DECKING

Flat-sawn, solid, unfinished, eased-four-edges, air-dried (AD)  
Net 3/4" x 5-1/2" x 7-19' odds & evens

### FSC TIGERWOOD DECKING

Flat-sawn, solid, unfinished, eased-four-edges, kiln-dried (KD)  
Net 1" x 5-1/2" x 8-19' odds & evens

## TIMBER CERTIFICATION

East Teak holds its Forest Stewardship Council Certification with chain of custody number TT-COC-002289

The FSC 100% Recycled label guarantees that all timber is sourced from genuine post-consumer material

East Teak is audited annually by BM TRADA, the FSC-certifying body, to ensure the highest possible legal and environmental standards for timber

Verify East Teak's certificate on the Forest Stewardship Council website: [www.fsc-info.org](http://www.fsc-info.org)
